

Prayer for Protection and Peace

Heavenly Father, we love you above all. We seek your protection and grace. We know that you are all knowing, all loving, all caring, and will be our safety net when needed. We ask that you protect us during the Arizona Rosary Celebration event from any harm. We know that you too love your children and want only the best from us so by providing this rosary opportunity, bringing your children together in prayer, we honor you and your earthly mother in a special way. Allow this event to go forward and if protesters choose this opportunity to show themselves, let it be peaceful and without incident. We ask this through your beloved son, Jesus Christ. Amen
